

# DPS MONTHLY UPDATE

**The Director of Public Safety, Richard Gray, would like to welcome you to the Department of Public Safety Monthly Update. With more than 3,300 employees, Public Safety is the largest Department in the City of St. Louis. We are comprised of eight divisions:**

**Building Division**

**City Emergency Management Agency**

**Corrections Division**

**(City Justice Center and Medium Security Institution)**

**Excise Division**

**Fire Department**

**(Includes the Bureau of Emergency Medical Services)**

**Metropolitan Police Department**

**Neighborhood Stabilization Team**

**(Includes the Citizens' Service Bureau)**

**Office of Special Events**

## **Our Mission:**

To use the department's resources to safeguard the City's state of well-being, protect lives and property, and ensure the complete safety of the people who live in the City, and the one million people who work, traverse, and visit the City of St. Louis daily. We are committed to improving our level of performance as well as developing policy and procedures that are transparent, understandable and streamlined. Together, we strive to be a premier municipal public safety department.

**EXCISE**

# EXCISE

**To efficiently and expeditiously promote public safety by consistent and fair administration of the liquor laws through enforcement, education, voluntary compliance, responsible sales and preventing the misuse of alcohol as it affects the quality of life in the neighborhoods of the City of St. Louis.**

# EXCISE

The Excise Division was established as part of the Department of Public Safety by Ordinance 40274 approved March 23, 1934. The Division is unique in many ways. Not only does it offer traditional liquor enforcement services to its citizens, it is also community oriented in which we allow the community to have input in the licensing process for a liquor license in their neighborhood.

# EXCISE

**THE EXCISE DIVISION HAS TWO TYPES OF LICENSES:**

## **DRINK LICENSES**

There are approximately 980  
Drink licenses in the City of St. Louis

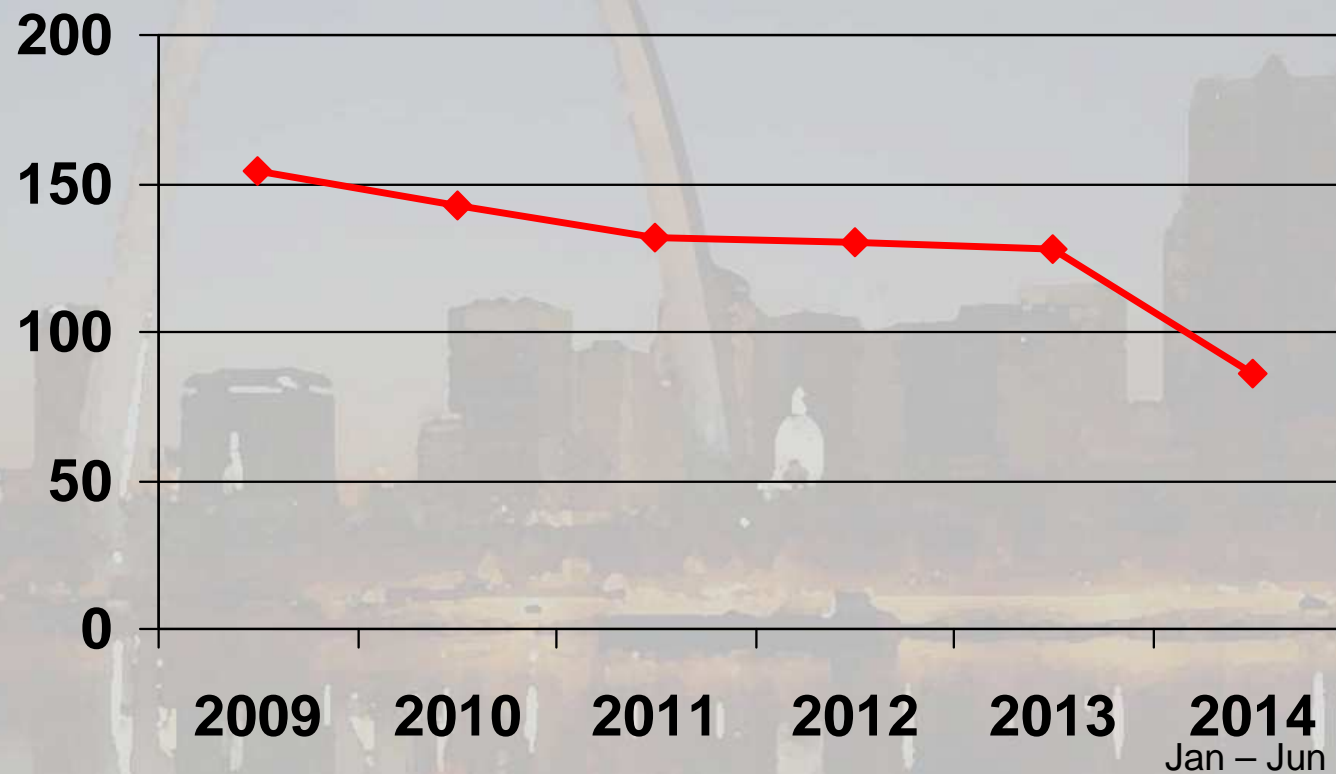

## **PACKAGE LICENSES**

There are approximately 195  
Package liquor licenses in the City of St. Louis
